Special Features:

Casting is class 4 grade d iaw mil-std-2175. Radiographic inspection required for foundry control samples.

Material:

Aluminum, die cast

Material:

Aluminum

Specification Data:

90073-806-601120-000 manufacturers specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T386-a
