Cross Sectional Shape:

Emi

Outside Diameter:

0.500 inches

Cross-sectional Height:

0.030 inches

Environmental Protection Material Location:

Throughout rf shielding gasket

Special Features:

Round gasket with d shaped aperture, 0.370 in. By 0.340 in.

Material:

Silver emi/rfi conductor

Precious Material And Location:

Emi/rfi conductive particles silver

Precious Material:

Silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
