Cross Sectional Shape:

Emi

Outside Diameter:

0.680 inches

Cross-sectional Height:

0.010 inches

Environmental Protection Material Location:

Throughout rf shielding gasket

Special Features:

D shaped aperture 0.510 in. By 0.470 in.

Material:

Silver emi/rfi conductor

Precious Material And Location:

Emi/rfi conductive particles silver

Precious Material:

Silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
