Body Style:

Horizontally mounted

Overall Length:

1.500 inches

Overall Height:

0.062 inches

Overall Width:

1.180 inches

Unthreaded Mounting Hole Diameter:

0.290 inches first mounting facility

Mounting Facility Type And Quantity:

4 unthreaded hole all mounting facilities

Material:

Copper

Material Specification:

Qq-c-576 federal specification single material response

Surface Treatment:

Nickel

Surface Treatment Specification:

Qq-n-290, class 1grade e federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03600
