**Cross Sectional Shape:**

Mesh and composition

**Overall Length:**

43.250 inches

**Overall Width:**

22.750 inches

**Cross Section Outside Diameter:**

1.125 inches

**End Application:**

1430-01-462-8504radar st se mi mounted hawkfeatg tensile 75000psi finish iaw military c 5541 class1a

**Material:**

Aluminum emi/rfi conductor and rubber neoprene emi/rfi conductor

**Material Specification:**

Unsa95056 assn standard all material responses

**Style Designator:**

Rectangular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A032a0
