Cross Sectional Shape:

Mesh and composition

Overall Length:

43.250 inches

Overall Width:

22.750 inches

Cross Section Outside Diameter:

1.125 inches

End Application:

1430-01-462-8504radar st se mi mounted hawkfeatg tensile 75000psi finish iaw military c 5541 class1a

Material:

Aluminum emi/rfi conductor and rubber neoprene emi/rfi conductor

Material Specification:

Unsa95056 assn standard all material responses

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
