Overall Width:

0.100 inches

Thickness:

0.100 inches

End Application:

1520-01-106-9519, helicopter, attack

Criticality Code Justification:

Feat

Special Features:

Silver plated aluminium particles; manufacture's name-gasket, emi, extruded channel; channel is .034 in. Wide by .033 in. Deep-centered

Material:

Rubber and silicone

Precious Material And Location:

Internal surface silver

Shape:

U-shaped

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506y0
