Mounting Method:

Spring tension

Special Features:

450 gf insertion force; 75 gf withdrawl force; 5000 mohms insulation resistance; 1000 vms withstanding voltage; 3 amps continuous current rating; 1.07 - 1.12 mm crimp height; -65 - 125 degrees c temperature range

Material:

Copper alloy contact

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0
