Overall Length:

183.000 inches

End Application:

Test program set

Accessory Components And Quantity:

Cover, protective 2; cable electric 4; crimp splice 4; ring lanyard 2; conn, backshell, elec 2; shield termination 12; braid, wire 1; conn, adapter, electric 2; marker, cable 3; conn, rcpt, electric 1; conn, plug, electric 1

Criticality Code Justification:

Agav

Product Name:

Inavy)cable assembly, control

Material:

Rubber synthetic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
