Overall Length:

6.690 inches

Overall Width:

3.970 inches

End Application:

S3b s3a mod

Accessory Components And Quantity:

Mounting plate 1; loose wire assembly 1; nut 5; clamp 1; screw 1; washer 7; resistor 2; terminal 4

Criticality Code Justification:

Agav

Product Name:

Resistor assembly, acs-nav interface wired assembly

Special Features:

Aluminum is 0.090 inches thick

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
