Overall Length:

6.000 inches

Overall Width:

1.410 inches

Cross-sectional Height:

0.062 inches

End Application:

Helicopter mk-53, navigation director mk-86

Special Features:

Used on mk86 mod o, next assembly 32646, door and associated parts

Material:

Silicone emi/rfi conductor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
