Overall Length:

13.620 inches

Overall Height:

0.313 inches

Overall Width:

2.000 inches

Unthreaded Mounting Hole Diameter:

0.234 inches all mounting facilities

Accommodated Item Securing Device Type:

Holes

Mounting Facility Type And Quantity:

5 unthreaded hole all mounting facilities

Special Features:

Thickness includes attached pad; retainer material-crs flat; pad material-cellular rubber; pad width-approx. 1.000 inch; pad thickness-approx. 0.125 inches; mounting holes-0.175 inches deep; drawing name-power supply assembly

Material:

Steel and rubber

Style Designator:

Rectangular with/without mounting holes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A062a0
