End Application:

Ainac/ric

Accessory Components And Quantity:

Bracket assembly capacitor mounting 1; insulation tubing (elect) 1; machine screw (0.112-40 x .25) 4; flat washer (.115 id, .209 od, .032 t) 4; solder 1; spacer 2; insulation sleeving (elect) 1; electric wire 1; terminal lug 3; label 1; circuit card assembly power line rectifier 1; capacitor, fxd 3; terminal board, barrier dual 1

Criticality Code Justification:

Agav

Material:

Aluminum and stainless steel and plastic and copper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
