Overall Length:

0.764 inches

Pin Diameter:

Between 0.061 inches and 0.063 inches

End Application:

Defense meteorological satellite program (dmsp)

Mounting Method:

Solder

Special Features:

Dwg name; contact, solder, male, 14awg; rating 13 amp; used on reentry system test set (rstst)

Material:

Copper alloy body and contact

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0
