Overall Diameter:

0.052 inches

End Application:

TANK-CO-MBA-T235

Special Features:

End item: material for this item male contact copper/zinc 39 pb2, female contact copper/beryllium hardened retaining clip copper/beryllium hardened, current capaci type 30 amps at 70 degrees celsius, temperaure range -55 degrees celsius to +125 degrees celsius

Style Designator:

Socket contact

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0
