Overall Length:

1.000 inches

Overall Width:

0.500 inches

Overall Thickness:

0.250 inches

End Application:

Weapon system: seawolf class ssn

Special Features:

End item: instrumentation unit, material is samarium cobalt grade 26

Material:

Cobalt

Material:

Cobalt

Surface Treatment:

Nickel

Shape:

Rectangular

Surface Treatment:

Nickel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T174-a
