Overall Diameter:

Between 0.057 inches and 0.067 inches

Special Features:

Item length to be specified when ordering

Material:

Aluminum and silicone and silver

Precious Material And Location:

Emi/rfi conductive material silver

Surface Treatment:

Silver

Shape:

Circular

Specification Data:

81349 mil-dtl-83528/1d government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506y0
