Overall Length:

3.620 inches

Overall Height:

3.250 inches

Overall Width:

0.330 inches

End Application:

Cp-2294a/spa-25g tactical system interface unit

Special Features:

Shielding performance: 1/8 cell aluminum honeycomb panels mounted in high strength extruded aluminum frames w/beryllium copper shielding strips for shielding the frame to the enclosure

Material:

Aluminum and copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
