Overall Length:

11.519 inches

Overall Width:

1.130 inches

End Application:

F1/f2 rack for use on cargo/transport aircraft (c130)

Criticality Code Justification:

Agav

Special Features:

Panelhaving 2 mounting holes (each with 0.547 to 0.562 inch diameters) centered on either end between 0.182 and 0.192 inches from edge.

Color:

Gray

Material:

Aluminum

Surface Treatment:

Chemical conversion coating

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
