Body Material:

Brass

Diameter:

20.5 millimeters

Length:

24.0 millimeters

Chain Length:

85.0 millimeters

Mounting Method:

Friction

Chain:

Included

Special Features:

Has an o-ring made of silicone rubber; has a loop in the end of the lanyard; operating temperature is 275 degrees fahrenheit.

Material:

Steel, stainless

Material:

Stainless steel

Surface Treatment:

Nickel

Surface Treatment:

Nickel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T174-g
