Cross Sectional Shape:

Emi

Overall Length:

Between 9.500 inches and 9.560 inches

Overall Width:

1.150 inches

Cross-sectional Height:

0.032 inches

End Application:

Circuit card assembly

Criticality Code Justification:

Agav

Product Name:

Inavy) shielding gasket, electronic; gasket, emi, mounting bracket-power supply

Special Features:

30.160 in holes spaced 0.295 in (min) and 0.335 in (max) apart

Material:

Silicone

Material Specification:

A-a-59588 assn standard 1st material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
