End Application:

Minuteman missile

Environmental Protection Material Location:

Rf shielding gasket front-back

Product Name:

Gasket, type 6061-t6 alumium

Special Features:

Hole diameter min .094 max. .114 width 2.344 length 2.422 bolt hole q type 9 material rubber butyl

Material:

Aluminum environmental seal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
