End Application:

Jet engine

Product Name:

Click) interface device

Special Features:

Two piece frame and housing, made of clear chromated aluminum and glass reinforced nylon with the integration of steel mesh for emi protection. Specific design allows for easier assembly, inspection, and maintenance of the wired assembly

Material:

Aluminum

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T386-a
