**End Application:**

Jet engine

**Product Name:**

Click) interface device

**Special Features:**

Two piece frame and housing, made of clear chromated aluminum and glass reinforced nylon with the integration of steel mesh for emi protection. Specific design allows for easier assembly, inspection, and maintenance of the wired assembly

**Material:**

Aluminum

**Material:**

Aluminum

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T386-a
