End Application:

Tip, military 29504/4/5, for fbp, angled 60 degrees

Special Features:

The fbpt-mil2-a6 tip is designed for inspection of 29504-/14/15 termini. These are most typically associated with 38999 style connectors. This tip has a removeable end cap, and thereby, works with either pins or sockets. The end cap can be attached with a lanyard to alleviate fod concerns. This tip features our 60 degree bend design to facilitate reaching into tight spaces. The tip is used with our industry leading "fbp" style probes.
