Body Style:

Rectangular

Overall Length:

1.895 inches

Overall Height:

0.293 inches

Overall Width:

1.350 inches

Unthreaded Mounting Hole Diameter:

0.050 inches all mounting facilities

End Application:

Processor, radar data.

Mounting Facility Type And Quantity:

3 unthreaded hole all mounting facilities

Product Name:

Heatsink, microprocessor

Material:

Aluminum alloy 6061

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03600
