End Application:

1680-01-481-7838

Width:

5.000 inches

Length:

36.0 yards

Min. Tensile Strength (psi):

120 pounds per square inch

Nominal thickness:

3.1 mils

Special Features:

Cho-foil emi shielding tape w/conductive adhesive provide low impedance and electrical continuity in seams of emi shielded enclosures

Material:

Copper basic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A14300
