Point Diameter:

0.030 inches

End Application:

Control/display subsystem, sdv mk8 mod1

Special Features:

The wire range is 22 to 28 awg. The insulation range is 0.030 to 0.040 inches.

Precious Material:

Gold

Surface Treatment:

Gold body and contact and nickel body and contact

Terminal Type And Quantity:

1 crimp end opposite contact

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0
