Body Style:

Extruded

Overall Length:

2.000 inches

Overall Height:

0.553 inches

Overall Width:

1.500 inches

End Application:

4935-01-136-0233 shop equipment, guided missile system

Product Name:

Heatsink, horizontal

Special Features:

Thermal resistance natural convection: 4.7

Material:

Aluminum alloy 6063

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03600
