Overall Length:

22.380 inches

Overall Width:

17.000 inches

Dc Voltage Rating:

48.0 volts

Electrical Power Source Relationship:

Operating

Special Features:

200 watts; coil-copper fins, copper tube, stainless steel casing; 2x backward curved centrifugal fans, air inlet at rear and air outlet at front

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T213-e
