Cross Sectional Shape:

Emi hollow d

Cross-sectional Height:

7.92 millimeters

Center Hole Diameter:

3.14 millimeters

Features Provided:

Molded

Product Name:

Conductive extruded elastomer

Special Features:

Width is 7.92mm (nom)

Material:

Rubber fluorosilicone class fq binding

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
