Overall Length:

14.000 inches

Overall Height:

0.407 inches

Overall Width:

7.000 inches

End Application:

Repair station console no 1, 4060a1000-1

Product Name:

Emi/rfi shielded ventilation panels

Special Features:

Aluminum tin plated material; low resistance to airflow of shielded honeycomb panels will minimize pressure drop within cabinet, allowing air to move freely through intake and exhaust to perform desired cooling function

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
