Overall Length:

0.500 inches

Overall Height:

0.093 inches

Overall Width:

0.125 inches

End Application:

Icbm

Product Name:

300 series twinseal gasket/emi shield & environment seal

Special Features:

Mesh core

Material:

Copper alloy emi/rfi conductor

Style Designator:

Rectangular

Supplementary Features:

Pressure sensitive, neoprene sponge, elastomer-style 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
