End Application:

2355-01-539-3639; lav light armored vehicle

Product Name:

Strap, ground

Special Features:

Center slotted terminal to center ring terminal distance 3.47 to 4.25 inches - length; braided wire 0.750 inches wide with polyolefin insulated black sleeve; terminal material is copper alloy c11000 per astm b 152/b 152m

Material:

Copper

Material:

Copper

Surface Treatment:

Tin

Shape:

Flat

Surface Treatment:

Tinned

Specification Data:

Ms35440-4 government specification and ms23053-16 government specification and ms20659-109 government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T174-k
