**Structural Design:**

Nonswitching

**Product Name:**

A-line contactor

**Special Features:**

3 pole contactor; surge suppressors built in as standard on the printed circuit board; clear marking of coil voltages and frequencies; all of contactors can be assemblyed side by side. The add-on auxiliary contacts are suitable for low level currents; quick mounting on din rail en 50022 and en 50023 stadards.

**Supplementary Features:**

Ac&dc operated with laminated magnetic circuit; ul rated, 3 phase

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T142-d
