Structural Design:

Nonswitching

Product Name:

A-line contactor

Special Features:

3 pole contactor; surge suppressors built in as standard on the printed circuit board; clear marking of coil voltages and frequencies; all af contactors can be assemblyed side by side. The add-on auxiliary contacts are suitable for low level currents; quick mounting on din rail en 50022 and en 50023 stadards.

Supplementary Features:

Ac&dc operated with laminated magnetic circuit; ul rated, 3 phase

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T142-d
