Overall Length:

2.20 inches

Overall Width:

2.20 inches

End Application:

Support structure; e-2d advance aircraft

Product Name:

Gasket

Special Features:

Material is silicone sponge with aluminum wire. Mesh core. Has pressure sensitive adhesive.

Material:

Aluminum or rubber foam synthetic

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506y0
