Overall Width:

Between 0.011 inches and 0.013 inches

Overall Diameter:

Between 0.370 inches and 0.380 inches

End Application:

Rack mounted electrical equipment

Product Name:

Contact strip electrical binding corner washer

Special Features:

Tin plate 0.0003 to 0.0005 thick finish

Material:

Copper body

Material Specification:

Mil-b-5087-81349 military specification single material response body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0

Mil-std (military Standard):

Mil-b-5087-81349 spec.
