Special Features:

Item is a general purpose gel-filled loose tube fiber optic cable designed for aerial applications and for underground ducts. Fiber core dia.50 micron, cladding dia.125 micron, buffer dia. 250 micron.Attenuation 3.5 db/km @0.85 micron, 1.5 db/km @ 1.30 micron. Max. Installation tension 400lbs.Max.Operating tension 88lbs. Max. Vertical rise 1406ft. Min. Bend radius installation 6in. Min.Bend radius operating 3in. Crush resistance 250lbs./in. Cable weight 32lbs.Per 1000ft. Storage @ operating temp. -40 to +70*c. Color coding tube

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A077a0
