End Application:

Beam error measurement

Special Features:

Core diameter 0.3mm, wavelength 890 nm, max attenuation 100b/km length 650 meters per connectors, amphenol 905 series compatible w/xd/rd-1000 digital transmission system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A077a0
