End Application:

Automated surface observing system (asos)

Product Name:

Cable, fiber optic, duplex

Special Features:

Nsn restricted to use by nws depot team only; operates as a light transmission medium in the 820-850um range; fiber type is glass; multi-mode; step or graded index; 2 fibers; cable installed in conduit; operating temperature is -51c to +49c; storage temperature is -51c to +60c; no conductive material in cable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
