**End Application:**

F-15i

**Special Features:**

Fiber optic harness assembly, length 14.50 +/- .25, fiber optic contact: mil-t-29504/4-4044, class is 4. Type ii. Style a., temp range: -55 degree c to +125 degree c. Optical fiber core-cladding: fiber core= 100um +/- 1 um dia fiber cladding= 140 um +1.5 um/-0 um dia. Bandwidth: > 10 mhz-km. Application: mission control computer universal access lab f15 vhsic

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A077a0
