Product Name:

4-channel military tactical fiber optic breakout cable

Special Features:

K8.3um core diameter; 125um cladding diameter; 500um coating diameter; 900um buffer diameter; 0.13 numerical aperture; 100kpsi proof test level; wavelength is 1300nm with 0.5db/km attenuation at 0.092/nm squared-km; 42 kg/km cable weight; 7.0mm cable diameter; 2200n max. Tensile load; 14.0cm min. Bend radius; 7.0mm cable diameter; 3 meter assembly with connectors; connectors in part number suffix (xy) stands for: x = tfoca ii connectors and y = mi l st connectors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
