Product Name:

4-channel military fiber optic breakout cable

Special Features:

62.5um core dia.; 125um cladding dia.; 500um coating dia.; 900um buffer dia.; 0.275 numerical aperture; 100kpsi proof test level; 850nm wavelength 3.0 db/km attenuation and 160 mhz-km bandwidth; 2200n max. Tensile load; 14.0cm min. Bend radius; 3 meter cable assembly with connectors tfoca ii and mill st; part number suffix (xy) stands for: x = tfoca ii connector and y = military st connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
