Cross Sectional Shape:

Round

Temperature Rating:

-40.0 degrees fahrenheit and 167.0 degrees fahrenheit

Optical Fiber Type:

Multimode

Wavelength In Nanometers:

850

Termination Type:

Connector plug 2nd end all conductors

Conductor Quantity:

2

Product Name:

Fiber optic patch cable

Material:

Ceramic core primary insulation all conductors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A077a0
