End Application:

Milstar/stc ds

Special Features:

Data rate 250/10mbps; signal levels -530; trans mode full duplex; transmit pwr -20.5dbm; receiver sensitivity -25dbm peak; wavelength 820um nom; operating distance to 2 kilometers; connectors rs-530 female, db25 termination; 3- prong ac pwr male plug (120 vac); optical interface sm 905/906 connector and 50 um cable fiber; input pwr 115 vac nom; output pwr +12, +5, -12 vdc; operating temp 32 to +120 degrees f; dimensions 12.125"x9.25"x1.5"max

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23900
