**End Application:**

Automated surface observing system (asos)

**Special Features:**

Type: full duplex rs-232c; data rate: 2.4 kbps; data type: asynchronous; transmission range: 10-1500 feet; emitter type: led (light emitting diode); emitter wavelength: 820-850 nm; detector type: pin; optical budget: 7db; optical budget into 62.5/125 micron; na = .28; graded index; multimode fiber at 25 degrees c

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
