Overall Length:

2.200 inches

Overall Height:

0.400 inches

Overall Width:

0.600 inches

Product Name:

Sfp transceiver module

Special Features:

Connectivity technology - wired; data link protocol - atm; data transfer rate 155 megabits per second; line rate oc-3/stm-1; optical wave length 1310.0 nanometers; cabling type fiber optic; networking interface type small form-factor pluggabl (sfp) ; single-mode fiber; intermediate reach

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
