**Overall Length:**

10.250 inches

**Overall Height:**

3.250 inches

**Overall Width:**

7.250 inches

**Product Name:**

Fiber receiver and distribution amplifier

**Special Features:**

Fiber optic receiver/rf distribution amplifier, single-mode 47-860 mhz, 1310/1550 nm, fc/apc conn, 43 db gain, wall mount

**General Description:**

Power supply requirements, 117 vac, 60hz, 28watts

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
