Overall Length:

9.120 inches

Overall Height:

5.060 inches

Overall Width:

1.390 inches

Special Features:

Part identified as a microwave dfb laser transmitter by manufacturer; class iiib laser product; plug-in model for integration with ortel system 10000 rack mountable chassis and power supplies; 0 to 50 c operating temp; -20 to 65 c storage temp; 20 dbm rf input power; 1310 nm wavelength ; 10 mhz spectral width max; typical dc modulation gain is 0.14; maximum frequency 5 ghz; input vswr at 50 ohms 1.8: 1; sm (f) rf connectors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23900
